**REMARKS.**—The Flour market during the past week has been dull and heavy. The receipts have materially increased, and prices have given away, holders evincing a disposition to sell at concessions on current quotations, and the market may be written lower, with good stocks and a light demand. The transactions during the week have been limited to the local trade. We revise our quotations as follows: Fine \$5; Superfine 6 57 to 8 77; Extra, new, 7 87 to \$12; Super, old, 8 87 to \$8 50; Family 9 50 to \$10; Family, choice, \$0.50. The Wheat market for the week opened dull and inactive, but under more favorable advices the market became more settled, and late in the week sustained an advance of several cents above the opening quotations, and closes very firm, with an active demand for prime and choice samples. Offerings to-day of only 120 bushels, with sales of white at 140 for ordinary, 155 for good, and 165 for prime; and red at 140 to 145 for fair, 150, 155 and 165 for good, 159, 160 and 163 for prime; no strictly choice samples offered. Corn is dull; receipts are light, but equal to the demand, and we note sales of white at 72 and 73, mixed at 70 and 71, and yellow at 69 and 71. Rye is steady at 70 to 75; receipts are light. Oats are in brisk demand; offerings are light, and we quote sales at 40 to 45 for fair to prime. Plaster is scarce and firm, and we quote a further advance in lump, but ground is unchanged. Salt is very scarce and in active demand, and we quote a further advance for both Fine and Ground. Butter is in good demand for prime; all other grades are dull. Eggs are firm at quotations. Chickens are in fair demand. Potatoes are scarce and in demand. Onions are scarce and in demand.

**ALEXANDRIA CATTLE MARKET, August 30.**—The receipts of Cattle and Sheep this week have been small, and sales to speculators quite large, with no advance in prices, though an active market. We quote Cattle at from 3 to 4 1/2, and Sheep and Lambs 2 50 to \$4 50 per head. No Cows and Calves are in active request at 40 to 50; common and ordinary very dull and nominal at 15 to 25.

**BALTIMORE CATTLE MARKET, August 29.**—Prices to-day for Beef Cattle ranged as follows: Best Beeves at 6 00 to \$6 75; generally rated first quality at 4 75 to \$6 00; medium to good fair quality at 3 75 to \$4 75; ordinary thin 3 00; Oxen and Cows at 3 40 to \$3 75; inferior and lowest grades of Cattle 0 00 to \$0 50—general average of the market to-day \$4 62; extreme range of prices 2 75 to \$6 75. Most of the sales were from 400 to \$525 per 100 lbs. Total receipts for the week 1860 head, against 2408 last week, and 2245 head same time last year. Total sales for the week 1889 head, against 2109 last week, and 1854 head same time last year. The market this week has been fairly active throughout.

**Sheep and Lambs.**—The receipts of Sheep have increased this week as compared with last week, and notwithstanding this prices are fully maintained. There were a few Sheep in the market of a somewhat better quality than those of last week, which sold at a correspondingly higher figure, being no material change in the quotations since our last report, quality being considered. Of the receipts some 1500 head were reshipped to Philadelphia, and to this, perhaps, may be attributed the maintenance of prices. We quote Sheep at 44 to 46 per 100 lbs. Stock Sheep at 2 25 to \$3 50 per head. Lambs 2 50 per head, as to size and quality.

**Hogs.**—Prices keep fully up to the figures maintained for several weeks past, in the face of increased receipts; in fact our highest quotation, on a fairly supplied market, the increase in the price is accompanied with week being quite a heavy percentage, is a shade higher than last week's figures, though this is owing, probably, to a superior quality. We quote Hogs in fair demand at 7 50 to 80 per 100 lbs net.

**GEORGETOWN CATTLE MARKET, Aug. 29.**—There were 600 Cattle, 1000 Sheep and Lambs and 25 Cows and Calves offered to-day. 400 Cattle, 800 Sheep and Lambs and 20 Cows and Calves were sold at from 3 to 5 1/2 for Cattle, 4 50 for Sheep, 2 to \$4 50 for Lambs, and 20 to \$4 50 for Cows and Calves. Market for Cattle and Sheep dull and lower. 100 Cattle and 200 Sheep remained over unsold.

**LYNCHBURG MARKET, Aug. 29.**—The receipts of Wheat are heavy, with a fair demand for prime, but damp and badly colored is dull; white 155 to 165, and red 150 to 160. Corn is in lime supply; white 80 to 81; mixed and yellow 75 to 76. Oats 45 to 50, and Rye 65 to 70.

**RICHMOND MARKET, Aug. 29.**—Offerings of 900 bushels Wheat, with sales of white at 150 1/2, and red at 140 1/2. Corn 70, with offerings of 140 bushels. Oats 65. No sales of Rye.

**FREDERICKSBURG MARKET, Aug. 29.**—White Wheat 150 1/2; red 150 1/2. Corn 60 to 68. Oats 50, and Rye 65 to 70.

## LOCAL NEWS.

**CAMP MEETING.**—It having been reported in this city that extortionate charges are made by the keepers of the boarding establishments at the Warrenton Springs Camp, a telegram inquiring into the truth of the report has been answered as follows:

**WARRENTON, Aug. 30.**—There are several boarding establishments. No monopoly at all. The main boarding place charges one dollar per day for number one board; one dollar and fifty cents per day for bed and board. The other private boarding tents seventy-five cents per day for board and one dollar per day for bed and board.

The above is from Rev. Mr. Henry who enquired the particulars yesterday. The meeting is attended by many persons from this city, Washington and Baltimore. A special train will leave here at 4 o'clock Saturday evening (to-morrow) running through to Warrenton, designed to accommodate persons from the Manassas line, as well as the many from this point.

**STUCK BY A LOCOMOTIVE.**—A deaf woman named Mary Rodgers, while returning to her home on Wilkes street, between Pitt and St. Asaph, from the pump at the corner of Wilkes and Pitt, with a bucket of water, was struck and knocked down by the cow-catcher of a locomotive passing up the railroad track between twelve and one o'clock to-day, and received a severe cut on the head, and some bruises on other parts of her body. A large crowd was attracted by the accident. The cows stopped at once and were taken into her house, where a surgeon, who had been sent for, soon appeared, and after examining her wounds was preparing to apply the necessary dressing when, being interfered with by her daughter, he put his instruments in his pocket, and telling the latter that she knew more about the case than he did, she had better take charge of it, picked up his hat and left.

**WINDOW SMASHED.**—While a colored boy was gazing at the display of rich jewelry in the show window of Mr. Adam's store, this morning, another colored boy came along and placing his hand on the back of the gazer's head pushed his forehead through the pane of plate glass. The gazer was certainly not to blame, and probably the pusher had no intention of breaking the glass, but the noise made by the crash of the window, and the falling of the fragments of glass and a dread of the possible consequences so alarmed them that they both scampered off as rapidly as their feet could carry them. The people in the store were also startled, but before they could reach the door the boys were gone. Their names however were obtained and given to the police.

**THE LOST FOUND.**—In the early portion of the war a lad named Rowan, then about thirteen years old, was missed from his home. The most extensive search failed to give any particulars of him, except a rumor that he had followed the Federal army away from here and been killed. His mother, after much weeping, gave up her son as dead. A few days ago a man of 23 years of age came into the house, and was recognized at once as the long lost boy. He had been lured off by an officer, had served him in many campaigns, and returned with him to Massachusetts, where, after settling for awhile, he started to see the world again, and wandered back to his old home.

**RETURN OF SCHOOL TIME.**—Summer vacation is at its close, and with Monday next commences once more the season for study and mental application. Many of our city schools will resume during the coming week, and before the end of September nearly all the numerous Seminaries and institutions of learning will have again entered upon the discharge of their important and responsible functions. Parents and guardians who at this season are at some concern in making choice of teachers and schools where they may place their children or wards, as the case may be, will find it to their advantage to consult the advertisements in the Gazette.

**A WATCH STOLEN.**—Yesterday afternoon Mr. S. W. Markell, employed at the cabinet establishment of James Green, upon coming to his work in the basement of the establishment at 1 o'clock hung his watch and chain in a dark corner, where he had been accustomed to hang it for many years while at work. A short time afterwards he had occasion to go up stairs for a few minutes. He returned and never left the room from until some time later, when he discovered that his watch was gone. The watch was a gold hunting case, M. J. Tobias, No. 2, 107, and was suspended to a heavy gold chain. The watch has not yet been recovered.

**WOODLAWN AGRICULTURAL SOCIETY.**—The annual meeting of the Woodlawn Agricultural Society will be held at Woodlawn Mansion, near Accotink, to-morrow 31st instant at 10 o'clock a. m. The occasion will be observed as a social picnic rather than of those engaged in farming. Mr. Frederick Watts, Commissioner of Agriculture at Washington, Judge Gray, of Falls Church, and other gentlemen have been invited and are expected to be present, and the Secretary of the Society, Mr. N. W. Pierson, invites all friends of agriculture to attend and picnic with them.

**ARRIVAL OF A FLEET.**—A large fleet of vessels employed in the coal trade arrived yesterday, and last night the stream in front of the city, from the upper coal wharves to Jones' Point, was illuminated with their lights and presented a very beautiful appearance. Some of the vessels hauled into the docks this morning and some went on up to Georgetown.

**Boys' Fight.**—The large crowd assembled in front of the First Presbyterian Church, early last night, and which blocked up the side-walk there for at least a quarter of an hour, to the great inconvenience of persons whose business required them to pass there, was caused by a fight between two boys.

**A HARD HEAD.**—A colored man named Robert Walker, while employed at Smoot's wharf, yesterday afternoon, had the contents of one of the large iron tubs used in discharging vessels loaded with coal, to fall upon his head, but, strange to say, escaped without any injury more serious than a few slight bruises.

**TEMPORARY SUSPENSION OF CANAL NAVIGATION.**—A loaded boat belonging to the Borden Coal Company has sunk in the Chesapeake and Ohio Canal, twenty-four miles this side of Cumberland, and delayed the passage of loaded boats for four days.

**BIRDS.**—In addition to the reed and black birds with which the swamps and marshes near this city now abound, some have made their appearance in large numbers and are in excellent condition. Reed birds were hawked about the streets this morning at 40 cents a dozen.

**CAPING STONE.**—A vessel has arrived here from Rondout, New York, bringing the capping stone for the walls of the Soldiers' Cemetery, near this city. The stone is now being hauled to the cemetery and will be put in its place immediately.

**GOOD TEMPLARS.**—The anniversary meeting of Excelsior Lodge of Good Templars of Arlington will be held next Monday night, Bull's Head and Welcome Lodges of the city have been invited and accepted the invitation to be present on the occasion.

**MAYOR'S OFFICE.**—Henry Herber, John Gray and J. Coleman, for violating the Sunday law, were fined and discharged.

Michael Normill, for violating the Sunday law, was dismissed as the charge was not sustained.

The case of Robert Porter, for violating the Sunday law, was postponed until Tuesday, the 3d proximo, in consequence of the absence of witnesses.

Warrants have been issued for Henry Munson and another colored boy named Otho, charged with breaking the show window of Mr. Adam's jewelry store.

**MAGISTRATE'S OFFICE.**—Justice Beach.—A warrant was issued for the arrest of John Mansfield, colored, the witness upon whose evidence fines were yesterday imposed upon several parties for violating the Sunday law, who is charged by John Gray, one of these parties, with perjury.

**NIGHT REPORT.**—Night dark and cloudy, and rainy till two o'clock. There were no disturbances, no arrests and no prisoners at the station house.

**STREET GRADING.**—City Surveyor Carter and Superintendent of Police Clifford were engaged this evening in surveying St. Asaph street from Wolfe to Franklin, preparatory to grading the same, as authorized by the City Council.

**PERMITS GRANTED.**—Up to two o'clock this evening the clerk had granted 510 permits to attend the public schools, as follows:—White boys, 230; white girls, 145; colored boys, 64; colored girls, 71.

**THE CITY SCHOOL BOARD** meets at the office of the City Superintendent, at 8 o'clock this evening. The principal business before the board will be the election of teachers and janitors for the ensuing year.

**THE WEATHER.**—There has been a delightful change in the weather and thicker clothing has been comfortably to-day. The wind has been blowing strongly from the Northwest all day.

**COMPLAINT OF NOISE.**—Persons residing in the neighborhood of the intersection of Queen and Royal streets, complain greatly of the noise made by the boys who nightly assemble there in large numbers.

**VESSEL ROBBED.**—The schooner Four Boys, Capt. James McCracken, lying at Prince street dock, was boarded by thieves last night, and robbed of two shoulders of meat, a dink and a sheath knife.

**TAX BILLS.**—As will be seen by reference to advertisements in different parts of to-day's Gazette, an addition of ten percent will be made to all unpaid tax bills after Tuesday next.

**ACCIDENT.**—Harry, the little son of Justice C. E. Webster, fell from the porch of the house of his uncle, Capt. Webster of the Police, day before yesterday, and broke his collar bone.

**POCKET PICKED.**—An employee of the A. & F. R. R. named Robert McRath, who had just been paid off had his pocket picked yesterday of \$25, a handkerchief and a knife.

**NO MEETING.**—A meeting of the 3d Ward Radicals was to have been held last evening, but the attendance was so small that the room was not opened.

**PROPERTY SALES.**—Attention is directed to the auction sales of valuable real estate advertised in to-day's Gazette to take place to-morrow.

The work of removing the remains of the old burnt building on the southwest corner of King and Washington streets will be commenced early next week.

## TELEGRAPH NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

**From New York.**  
 NEW YORK, Aug. 30.—The Herald states that Governor Curtin last evening was much better.

George Kingsland, on returning yesterday from Europe, was arrested for the embezzlement of funds of the Jersey City National Bank.

More robberies committed by the burglar police officer Aiken, are being brought to light. A famous robber, storm, prevailed all night in this section, overflying many low lands and doing some damage on Long Island and elsewhere.

Manton Marble, of the World, is reported as very feeble in health, and will be obliged probably to wholly abandon journalism.

Charles O'Connor was visited by fully a dozen reporters yesterday. He refused to talk with any of them, merely observing that he had decided not to make known in advance his political purposes. The Sun, however, says it is settled that he won't take the fusion nomination for Governor.

The steamer Metis, a Providence steamer, is reported wrecked off Stonington last night. The passengers were picked up off Watch Hill this morning. Several lives are reported lost. Over one hundred passengers were on board.

**From San Francisco.**

## SPECIAL NOTICES.

**WANT OF VITALITY.**—If a deficiency of vital energy is not a disease, it is a condition which is the system open to the attacks of all conceivable maladies. Night and day we are surrounded more or less by deleterious influences. No atmosphere is entirely pure, no water utterly free from injurious particles, while in many medicinal herbs are positively unwholesome. What defence has the weak, languid or dormant, against any of the morbid influences which produce epidemic and other diseases? None whatever. There is no safety save in radical reformation. Hosts of Stomach Bitters have, beyond all question, a vitalizing effect. If the nervous forces of the body have been recklessly expended in exhausting physical or mental labor, or dissipated in the indulgence of a "fast" life, this powerful vegetable tonic and corrective will restore them. If the defective vitality is a constitutional evil it can be remedied to a great extent by this wonderful invigorant. At a season of the year when the air is more or less impregnated with the seeds of the malarial fever, it is especially desirable that the digestive, the liver active, the blood pure and the nerves firm. These conditions are the best protection against all disorders, and they are conditions which the Bitters are better adapted than any other medicine to produce. They are, however, they are no initiation or counter-fait is substituted for the genuine article, and let all who value health and have an antipathy to poison beware of the local bitters made from condemned drugs and vilely adulterated alcohol, which have sprung up like a new generation of fungi all over the country. Aug 26-cdw

**FATHERS AND MOTHERS.**—If you occupy these relations now, or are about to do so, study well your constitution. If you have acquired a habit of drinking, or if you are a confirmed drunkard, you may be transmitting to your offspring, it is your solemn duty to eradicate it. Thousands of children are now suffering from the effects of poisonous disease transmitted to them from their parents. The thought is terrible. You can save your children from such sad and sad fate, and your dear little ones much pain and unhappiness by the timely use of Dr. Tait's Sarsaparilla and Queen's Delight. It will surely eradicate the taint from your system; or if it has already been entailed upon your child, give it at once this valuable preparation, and you will see how soon restored and restored to soundness.

Dr. Montgomery Co., N. C., Sept 11, 1869.  
 Dr. Wm. H. Tait: Sir—Please accept the heartfelt thanks of a mother who was well nigh driven to despair by the sad condition of an only child. My little boy has been afflicted with Scrofula ever since his birth, and after trying every remedy that was recommended, and several physicians had pronounced him past all hope, I accidentally heard of your Sarsaparilla and Queen's Delight. It was so highly recommended that I concluded to try it, but I must confess with very little faith. He has taken nine of the bottles you sent me, and I am happy in being able to say that he is almost well; and I believe by the time he takes the tenth bottle he will be perfectly restored to health. He has gained flesh, has a fine appetite, and now walks two miles to school. I shall always remember you with gratitude.
